## DESCRIPTION

A revolutionary puzzle game with a head-spinning twist. This elegant journey is set against a sublime skyscape. With over 200 handcrafted levels, relaxing gameplay and a diversity of mechanics: fire blocks, water obstacles, spinning cubes, spikes, and more. After a mysterious visitor threatens her peaceful universe, Aurora embarks on a dreamlike journey across six realms in search of her friends.

This charming puzzler's serene esthetics and beautiful atmospheric soundscape will appeal to fans of relaxing puzzle adventures.

### Features:

- Twist and rotate a beautiful 3D world to collect precious artifacts and solve clever puzzles
- Play over 200 mind-twisting and ingenious levels
- Match and pop enchanted blocks to clear obstacles and reunite with your feline friends
- Overcome a wide diversity of challenges: fire blocks, water obstacles, spinning cubes, spikes, and much more
- Enter a sublime and peaceful universe suspended above the clouds

Aurora is available for USD \$1.99 on the App Store for iPhone or iPad (iPhone 5/ iPad 3/ iPad mini 2 minimum requirement).
